

RATE NOP CERTIFICATION 2023 Operation outside the E.U

Annual Fees : Tax not included

Opening of the file and application review costs

- Check the presentation of the Certisys® NOP certification system on our website www.certisys.eu > start organic > NOP
- To complete your application, you have to:
 - Provide an **Organic System Plan (OSP)** which is your NOP Quality management plan.
 - This OSP must be reviewed and approved by Certisys. In the meantime, you can withdraw your application at any time.
 - The duration of the application review lasts more or less according to the complexity of your OSP. This means that it depends on the number of site(s), ingredient(s), fabrication process(es), end product(s), label(s), and on the fact that you jointly produce or not, conventional, EC organic and NOP organic products.
 - Provide a **signed provision service contract**.
- A **flat rate of 500 €** is applied to **all first-time applicants** for the review of their application. This fee and the necessary time spend on the OSP are non-refundable.

Inspection and certification costs

The annual fee is subject of an estimate based on following rates :

Per inspection day (production, processing, export), international inspector	762€
Per inspection day (production, processing, export), local inspector	322€
