

Practical guide: 'Best practices for regulatory consultation'

Do you need to look up the EU Organic Regulation or one of its related acts?

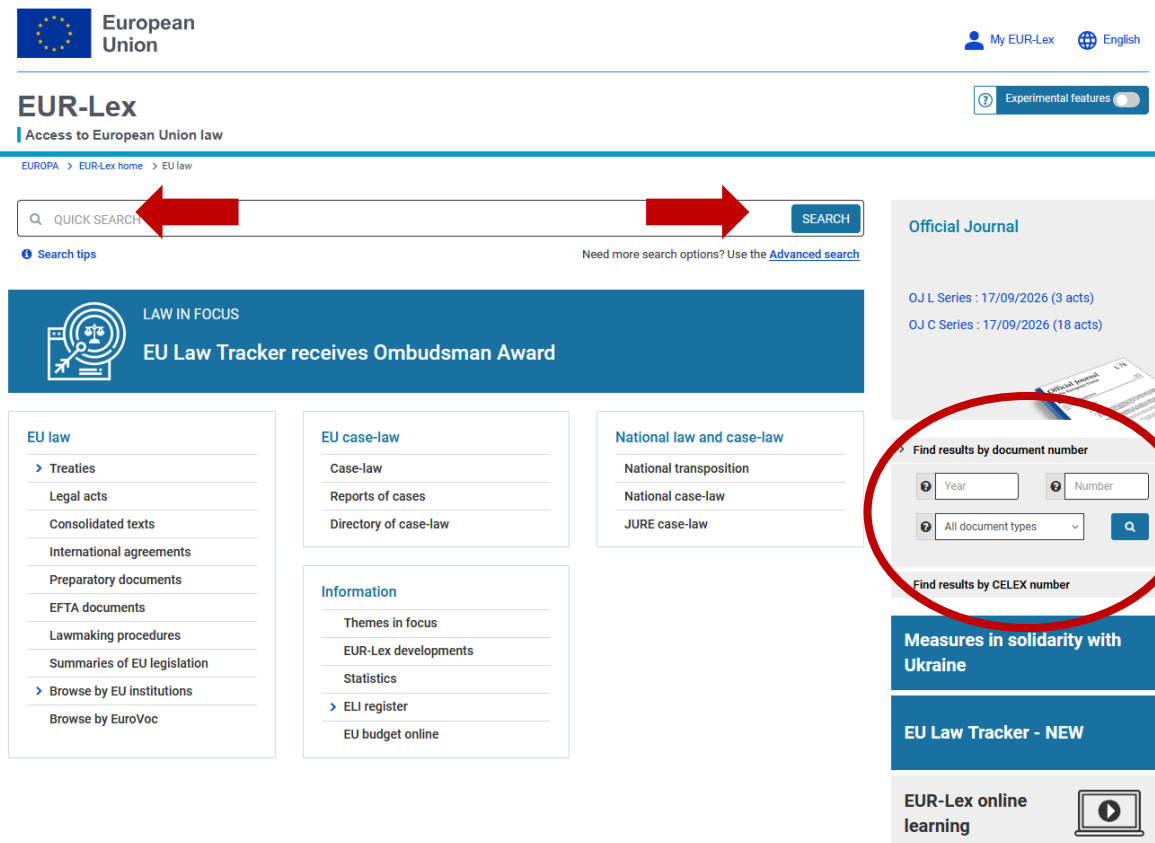

Here is some guidance to help you navigate the website:

<https://eur-lex.europa.eu/>

It is recommended to consult regulations directly online. Downloaded documents may become outdated after amendments, whereas the version published on the website is always the one currently in force.

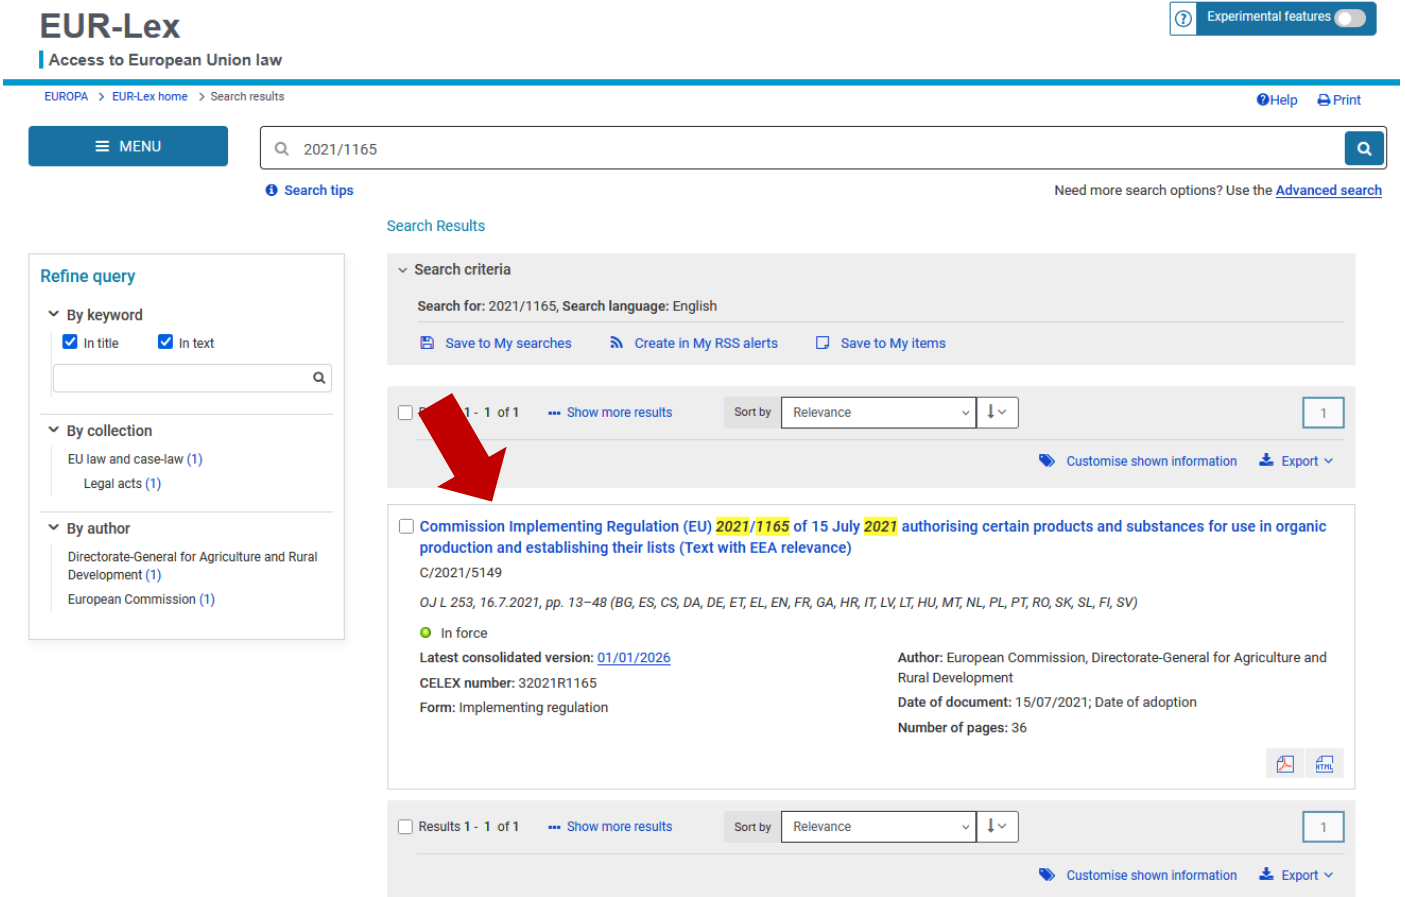

As an example, consider **Regulation (EU) 2021/1165 of 15 July 2021**, which authorises the use of certain products in organic production and establishes the list of such products.

In the 'SEARCH' section, enter the regulation number and click 'Search':
